## Rap

| C /// | Em / G // | C /// | Em7 / G // |

I know no other name  
I need no other ways  
I need no other grace  
My God will find a way  
I can go all of day  
To the glorious God of Heaven  
Needed a universe for His hall of fame  
Give Him your life, not a holiday  
Pedestrian raps  
I give 'em the righter way  
I got the righter way  
I could just ride away  
Into the glory of inner and outer space  
Into the story of how You can moderate  
Sinners and sinners and sinners and God  
You just walk into the dark  
You just walk into the heart  
Make it a home and a heart  
Painting Your love on the walls  
You finish whatever You start

I just spend my days right here  
I can put my faith right here  
Livin' in your presence  
Wash away my shame right here  
The Son became one of us  
And I became one of his sons  
This is what I want for my sons  
Don't matter whatever that comes  
It's not what you did, it's what He's done  
Lay hold to the One  
He's holding you too  
Three times as hard  
Because He foreknew  
High-five the truth  
Six times we fall  
But seven we're new
